

ci c15

The small pressure washer that is perfect for eliminating resistant dirt

The CI C15 professional cold high pressure washer has been designed for the most demanding users who want to combine power and high performance on an extremely compact machine.

CI C15 is a high-pressure cleaner that is easy to use and move thanks to the ergonomic handle and its rubber wheels. Developed in a vertical position to be practical and maneuverable, the CI C15 can also be stored horizontally to make it even more handy.

This high-performing and powerful pressure washer is perfect for professional cleaning, even frequent, in the automotive, industrial, logistics and handicraft sectors. But it is also the perfect cold high-pressure washer for cleaning professionals looking for performance and convenience in a single machine.

THE ADVANTAGES OF CI C15

Many are the benefits CI C15 can offer:

- Trolley pressure washer with two rubber wheels that enhance manoeuvrability and transportability
- Ergonomic handle designed to facilitate transport
- Powerful induction motor that makes the pressure washer highly performing, efficient and reliable
- Axial 3-piston pump controlled by a wobble plate with a brass head
- Automatic safety valve with pressure shut-off at pump head
- Single-phase electric induction motor with heat protection that guarantees maximum efficiency and durability
- Adjustable pressure
- Direct detergent suction and built-in practical 2 L tank
- Stop&Go: when the machine is temporarily idle, it stops so as to optimize consumption and reduce waste
- Comes with professional accessories: gun with protection and Swivel coupling, lance with interchangeable nozzle
- 10mt reinforced high pressure tube
- Built-in accessory holder on machine

TECHNICAL DESCRIPTION		CI C15
Max pressure	bar/psi	180/2600
Max flow rate	l/h	600
Type	-	cold water
Power consumption	KW	3,1
Power supply	V/Hz	220-240/50
Motor	type/hp	single-phase electric induction
Rotation speed	rpm	2800
Pump	type	with wobble plate
Pump head	material	brass
Net weight	Kg	32
Machine dimensions (LxHxW)	mm	390x900x380
